## Updates Along the Way:

Excavation began on the house at the end of July.

## Updates Along the Way:

**May 10, 2024**— a group from Constellation Energy built the frame of Tamika's house at a framing frenzy at BayTowne Plaza. Tamika came out and spoke with the folks from Constellation as well as the press regarding this event and the kindness of volunteers helping. Picture here she is writing a message on what will be a wall in her new home.

# August , 2024— Wall Raising

September 20, 2024— First floor walls framed in.

**December 2024 & January 2025—  
Volunteer from Brighton Catholic  
Parishes working hard.**

**February 2025— Siding Prep and drywall installation started.**

**February 2025— Homeowner Update—**Tamika has completed over half of her required 300 sweat equity hours (150+), saved the full amount needed for her down payment, and finished all the required financial literacy classes.
