

PEM BOARD NOTES FROM VOLUNTEER COORDINATOR ~ March 2016

We have recruited several new volunteers, one being PEM's very own Bob Swarhout☺

We had beautiful recruitment posters made by students at Fisher that did a service project for us. We have been displaying these at various community locations. The students also held a paper towel drive at the school and we now have enough paper towels to keep us going for a long time! A new group of students is going to hold a fund raiser with Alex and Ani.

One of our housekeeping volunteers has told us that he must stop soon so we are looking for someone to come in twice a month. Feel free to pass this need on to your churches and acquaintances.

We will be holding an in-service training next month at Perinton Presbyterian church. This will also double as volunteer appreciation/pot luck dinner. Attendance at these bi-annual meetings has continued to increase which is encouraging as we cover important aspects of caregiving and address questions and concerns from our volunteers.

We are eagerly looking forward to the return of our snow birds, many who take regular shifts during the rest of the year.

Respectfully submitted,

Laurie Eisele
Volunteer Coordinator
