

STSROC Report for EMP Board Meeting

June 7, 2022

We had our first in-person meeting since Fall 2021! It was wonderful to be together.

Programs and Activities Completed

Recruitment

This was the major topic at our meeting.

Recruitment both for the Board and general volunteer team came to a halt during COVID and has not really been able to resume until now. Students have been constantly adjusting to new protocols and adjustments in their academic schedules. We brainstormed means of recruiting and will at our next meeting move forward to make plans for recruitment.

Visioning for the Future

We had planned to host a gathering in January, it may be in retreat form, to vision for the future. We were not able to find a time where everyone was healthy and felt safe to gather.

Upcoming Programming and Activities

Fairport Farmer's Market

On July 16 Stop the Stigma ROC will occupy the FPMA tent at the Farmer's Market. We will work to engage Farmer's Market attendees in conversation. It is also our intention to recruit as well.

Coffee Shop – Real Talk Programming

We were not able to host any small group meetings. We will look to schedule an outdoor small group meeting with a Mental Health professional. Attendees will feel more comfortable gathering in an outdoor setting.

Chase Marshall Memorial Fashion Show

We discussed this at our meeting last week. We were not able to find a location to host this event this Spring. Our plan now is to work towards finding a venue and to host the event in January 2023. Our two previous Youth Directors will plan to be in town to assist!

Jordyn Keeley Memorial Art & Writing Show & Competition

We will also be discussing carrying this program forward in 2023.

Operational Update

- Finance update as of May 30 is - \$10,400.

2021-22 Board Members

- Eva O'Neil - Co-Exec. Director
